

Creating a poll

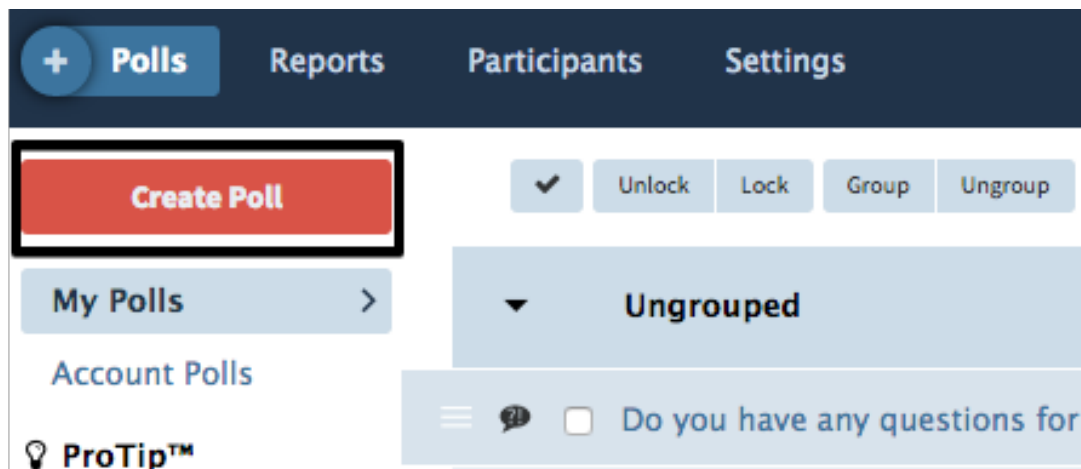

A poll is a single question you pose to your audience.

Obtaining a Poll Everywhere Account with Institutional Privileges

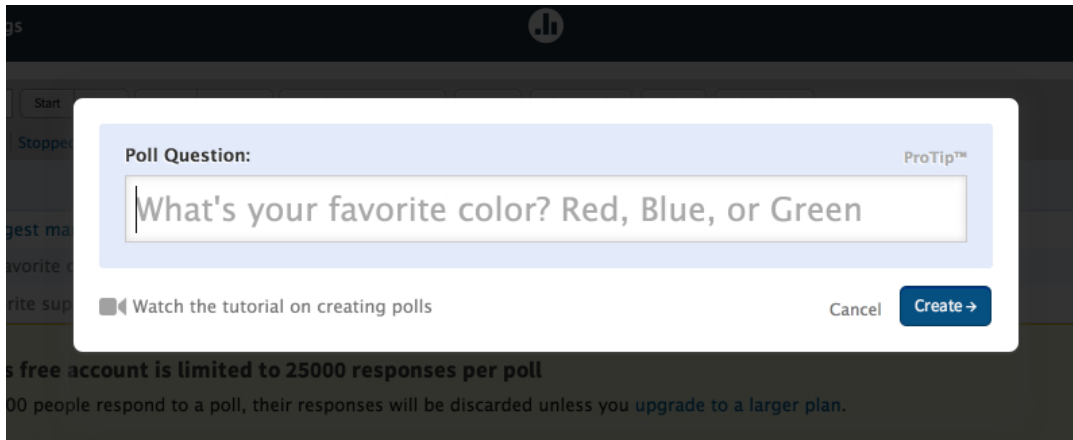

Contact Julie Youm in the Division Instructional Technologies: jyoum@uci.edu

Step 1. To create your first poll, click on the Create Poll button.

- If you are signed in, you can find the Create Poll button from your My Polls page.
- If you have not signed in, you can find the Create Poll button on the Poll Everywhere homepage.

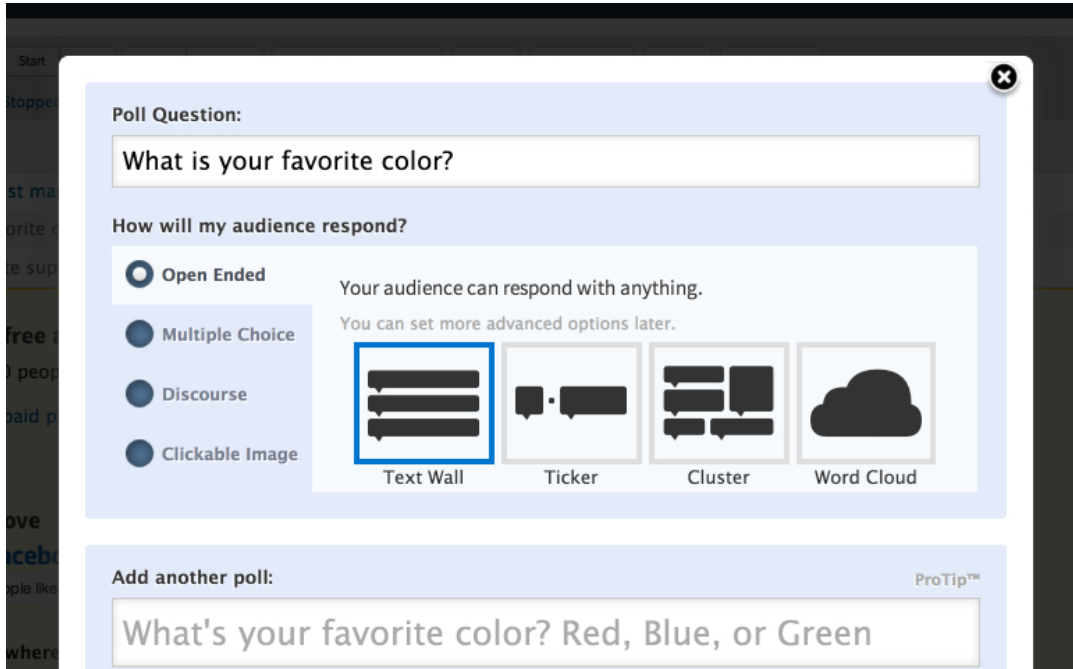

Step 2. Type in your question

A screenshot of a poll creation interface. At the top, there is a "Poll Question:" label and a "ProTip™" icon. Below this is a text input field containing the question "What's your favorite color? Red, Blue, or Green". At the bottom of the form, there is a "Watch the tutorial on creating polls" link, a "Cancel" button, and a "Create →" button. Below the form, there is a note: "Free account is limited to 25000 responses per poll. If more than 25000 people respond to a poll, their responses will be discarded unless you upgrade to a larger plan."

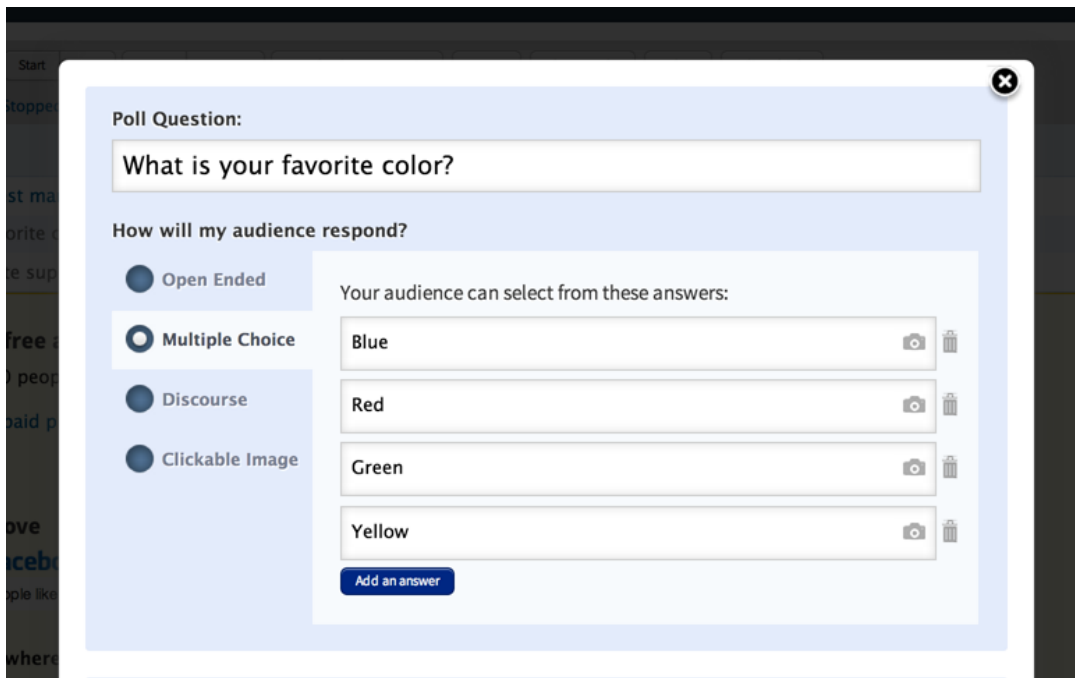

Step 3. Select the type of poll. Poll Everywhere offers several different poll types including multiple choice, open-ended response, and clickable image polls.

- For open-ended polls, select how you would like your audience's responses to be visualized.

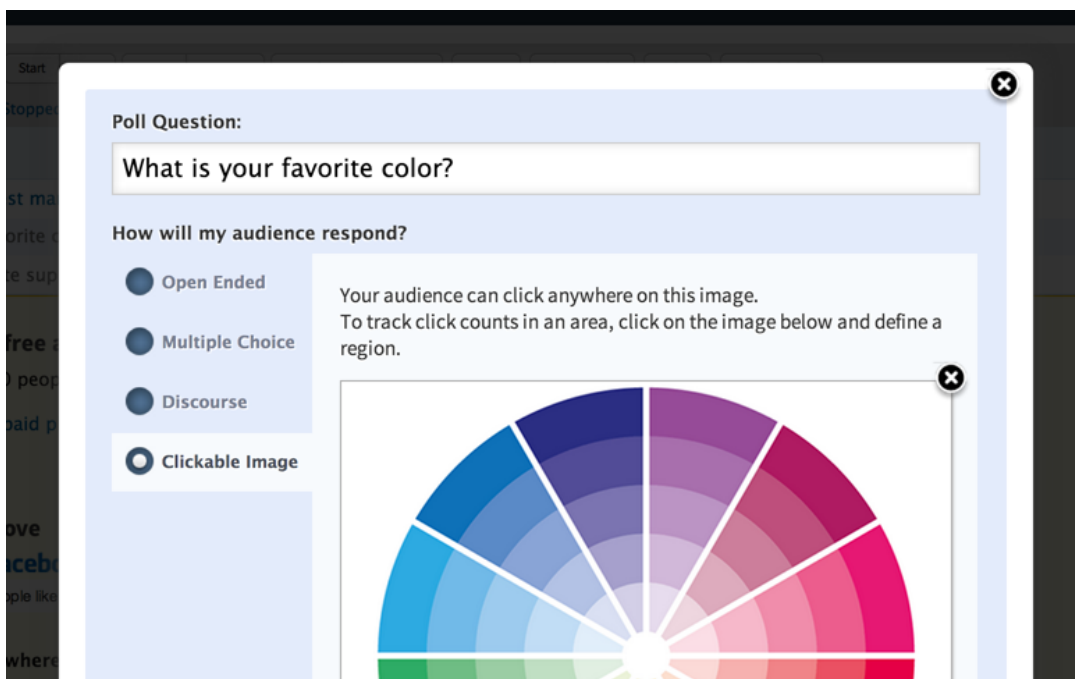

A screenshot of the poll type selection interface. The "Poll Question:" field contains "What is your favorite color?". Under "How will my audience respond?", there are four radio button options: "Open Ended" (selected), "Multiple Choice", "Discourse", and "Clickable Image". Below these are four visualization options: "Text Wall" (highlighted with a blue box), "Ticker", "Cluster", and "Word Cloud". At the bottom, there is an "Add another poll:" section with a "ProTip™" icon and a text input field containing "What's your favorite color? Red, Blue, or Green".

- For multiple choice polls or true/false polls, type in your response options. You can also upload images as response options.

- For clickable image polls, upload the image you would like to use as your poll. You can define clickable regions to be counted for grading and reporting purposes.

Step 4. Click on the Create button to create the poll.
