UCI's impact on our communities is the result of students, faculty, alumni and friends who want to make a positive difference. As part of the UCI family, and as we mark our 50th anniversary, we invite you to help us demonstrate the importance of volunteering.

The 50 for 50 Volunteer Program highlights volunteer and civic engagement opportunities that help UCI shape a bright future.

You can join us by donating 50 or more hours of your time and talent over the two-year 50th anniversary period. Our goal is to reach 50,000 hours of volunteer service and you can be part of UCI's ongoing legacy of making a difference.

When 50 for 50 launches this fall, we hope you will participate in one of our signature volunteer events and learn more about how together we can all shine brighter!
