M for Mesa

A 3D Sculptural Puzzle

1 | Attraction

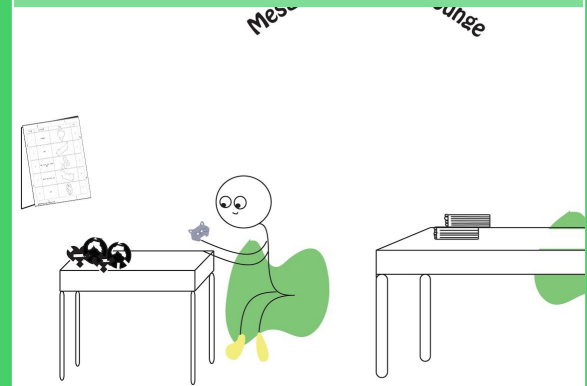

The mesa student is tired from studying all day but, the puzzle blocks are there to be used as stress relief.

2 | Entry

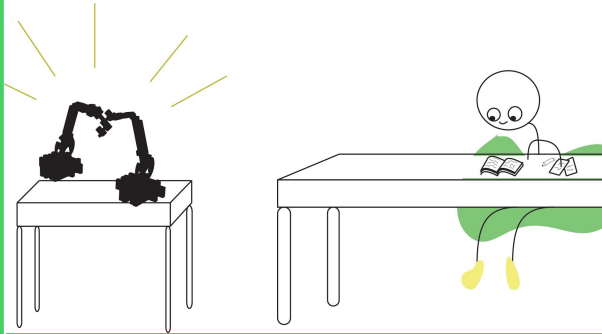

The student is fatigued, curious, and hopes for an entertaining distraction.

3 | Interaction

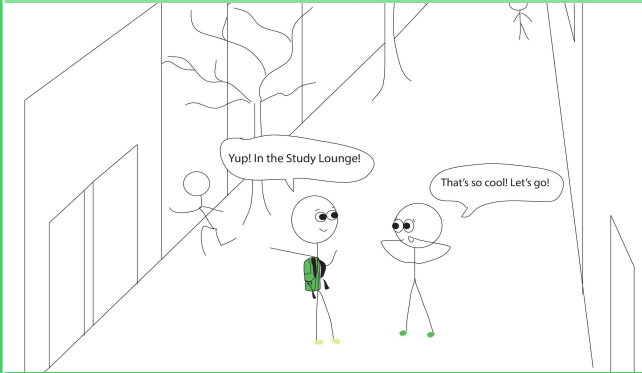

Accompanied with instructions, study lounge goes can follow the diagram and try to solve various puzzles or even make their own!

4 | Exit

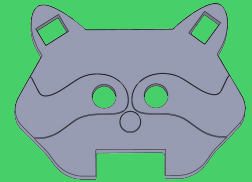

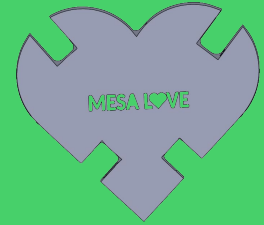

Now the student is less stressed and more willing to work on their studies.

5 | Extension

Residents using the puzzle as a healthy stress relief will encourage their friends to join them.
