Welcome back Anteater Family!

We hope that you had a relaxing summer (with sporadic bursts of productivity). The collective at CATALYST worked tirelessly to arrange a very exciting (and educational) schedule for this upcoming school year. We are committed to providing UCI undergrads a professional facility to display their work, build a community, and make further explorations in Art education. Choose to stay tuned and continue supporting us!

Lunchtime Lectures with MFA Graduate Students

This year we are determined to improve our educational resources by hosting a special lecture series with the MFA graduate students. The grads will lecture on topics ranging from their own work to the Art world at large. This opportunity has never been available before, and we could not be more excited to showcase graduate work and discussion at it’s finest.

The lectures will be held in ART160 from 12-1 PM. Please come and show support and respect for your TA’s, teachers, and friends. This could also be a good chance for you to find out more about the process of going back to graduate school and how it affects your art-making!
