## 📰 CANVAS NEWS & UPDATES

- OIT enabled Canvas Commons on EEE+ Canvas, providing instructors with a new way to share course content with each other
- The document viewer used in SpeedGrader has been replaced; OIT and other UCs continue to provide constructive feedback to Instructure
- Instructure continues work on several often-requested features, including:
  - Grades - UI enhancements, feature tweaks
  - Quiz - completely new version, limited release this summer

## 📦 NEW EEE+ TOOLS ON THE WAY!

- **EEE+ Evaluations:** try it now at: <https://evaluations.eee.uci.edu/>
- **EEE+ ScoreShare:** new tool that allows students to opt-in to share assignment scores with their academic advisors. The pilot starts this summer and comprises several pilot units. Learn more at: <https://scoreshare.eee.uci.edu/>

## 📣 PRIORITY REQUESTS FROM UCI TO CANVAS

- Canvas Grades feature requests:
  - A way to store UCI student ID numbers
  - Performance enhancements, especially for large classes
  - UI improvements to enhance the user experience
- New document viewer issues:
  - Does not work for very large classes (~1500), and has performance issues for large classes (>500)
  - Feature parity issues with the old Box document viewer
- Changes to a quiz after students have participated can interfere with grading
- Better management of third-party tool integrations with Canvas (such as Turnitin)
