Re: Statistics First Year Qualifying Exam – Results

Dear Pin-Chun,

The faculty met to review the results of the Statistics First Year Qualifying Exam. The faculty judged your performance on the theory, methods and data analysis portions of the exam as passing at the MS level.

If you have any questions about this result or about the program, please feel free to contact me, the Donald Bren School of ICS Associate Dean for Graduate Studies, or the Donald Bren School of ICS Student Affairs office.

On behalf of the Statistics faculty,

Daniel Gillen
Professor and Chair

cc: Gopi Meenakshisundaram, Associate Dean
Kris Bolcer, Director
